DOCKET: 05-00105

IN RE: Rulemaking for the Regulation of Wastewater Companies

DATE: September 13, 2005

On April 14, 2005, Public Chapter No. 62 went into effect amending Tenn. Code Ann. § 65-4-201 and requiring the Tennessee Regulatory Authority ("Authority") to direct wastewater public utilities to post a bond or other security to ensure proper operation and maintenance of the public utility or a specific project. Public Chapter No. 62 also mandates that the Authority promulgate rules establishing criteria for and circumstances under which bonding or other security will be implemented. On July 14, 2005, the Authority issued an initial Notice of Filing Comments in this docket. Subsequently, on August 30, 2005, the Authority posted on its website, www.state.tn.us/tra, a copy of the revised wastewater rules. These rules were considered by the Directors during the Authority Conference held on September 12, 2005. During the Conference, the Directors voted to provide additional time for the filing of written comments.

This is Notice to the Public and Interested Persons that the proposed rules will be considered again at the regularly scheduled Authority Conference to be held on **Monday, September 26, 2005 at 1:00 p.m.** In an effort to move forward in this docket with the promulgating rules in accordance with Public Chapter No. 62, any persons or entities who wish to comment on the proposed rules shall do so by no later than **Tuesday, September 20, 2005 at 12:00 noon.** All written comments shall be directed to the attention of the Chairman of the Authority and filed in TRA Docket No. 05-00105.
